

Owner's Guide – Correction: Lubrication

Date Prepared: 2/15/2016	Models Affected: T40 (TM109B)
-----------------------------	----------------------------------

Use silicone oil to lubricate the treadmill running belt every 6 months. Do not use paraffin wax. The original owner's manual contains misprinted information on page 18.

The owner's manual has been corrected in Online Remedy, but the error will remain in printed copies.
