### U N P A C K I N G

Take caution when handling and transporting this unit. Never open box when it is on its side. Once the banding straps have been removed, do not lift or transport this unit unless it is fully assembled and in the upright folded position, with the lock latch secure. Unpack the unit where it will be used. The enclosed treadmill is equipped with high-pressure shocks and may spring open if mishandled. See owner's guide for reference. **FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY!** Place your treadmill on a level flat surface. It is recommended that you place a protective covering on your floor.
